ESTABLISHED DECEMBER, 1893

ENTERED AT THE POST OFFICE  
OFFICE AS SECOND CLASS MATTER

OTHERWISE STRICTLY FIRST CLASS

SUBSCRIPTION \$1.00 PER YEAR

ALWAYS IN ADVANCE

FRIDAY, SEP. 11, 1903.

KEEP YOUR WORD GOOD.

It is almost fashionable nowadays for people to break their promises. We dare to say that in ordinary life not one half of the promises that are made are made with the expectation of keeping them according to the letter of the agreement, unless indeed there is a penalty attached to the breaking of them, or it is clearly in the interest of the promisee to strictly perform. So well is this state of affairs understood that people are learning to not expect promises will be kept. Many well meaning people have contracted this habit of promise breaking through carelessness. They get in the habit of thinking that if they perform the not promised matter of time is not material, and it would astonish them to learn that their friends are losing confidence in them, and their credit is not at par. This class of people form the great majority of every community and it is due to their lack of promptness that the credit system is found to be so unprofitable and unsatisfactory. It is not to the dishonest alone that the unfortunate business man who becomes a victim of the credit system, owes his downfall. The man who is honest as far as his intentions go is quite as much to blame as the rascal who, to say the least, does not care whether he pays or not.

It is a rare thing to find an individual who is open to all irrigators, and the following named states and territories: Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, North Dakota, Nevada, New Mexico, Oklahoma, Oregon, South Dakota, Utah, Washington and Wyoming. In addition to these large prizes a number of gold medals will be given for the best exhibitions of fruits. One of the most interesting features will be "The model irrigated farm", a description of which we append hereto. Under the rules governing representation to this congress, Iron county will be entitled to two representatives to be appointed by the county commissioners, and possibly one appointed by the governor. Parowan and Cedar are each entitled to two, to be appointed by the Mayors, and "Each organized irrigation, agricultural or live stock association" is entitled to appoint two; so that as it appears to us the Farmers Institutes have the right to appoint two representatives each. We commend this important matter to the careful consideration of our live agriculturists and business men.

### MODEL IRRIGATED FARM AT OGDEN

The Marysville Free Lance is a yearling and editor Gibbs feels that his charge is deserving of a new dress. The Free Lance is all that its name implies, and if the people of Marysville want a publication that is not afraid to express its convictions on all subjects, they should rally to the support of the Lance.

We congratulate the county of Iron on having one officer who is likely to be satisfactory to the editor of the Stetson Oracle. At the last meeting of the county commissioners a petition was presented to them signed, so our informant says, by the whole of the population of that burg, asking that Miles Overholt be appointed deputy sheriff. And the two representatives of the people who were present appointed him. Now we do hope that he will have enough to do in his double capacity of editor and deputy sheriff to let this Record and the county commissioners rest in peace, and thus get in the very admirable habit of minding his own business.

Among the other attractions which the coming October conference time will offer is the meeting of the State Teachers' Association which will be held in Salt Lake City on the 6th, 7th and 8th of October. The opening address will be delivered on the evening of Oct. 6th. Henry Hattengill, ex-supt. of Public Instruction for the state of Michigan, who is considered to be one of the foremost educators in America, will deliver a course of six lectures on educational subjects. President Christensen of the association is out with a circular letter in which he sets forth, in some detail the proposed proceedings, and strongly urges the teachers from all parts of the state to take advantage of the cheap rates and excellent program. There is little doubt but that a most excellent and profitable time will be had.

## LOCAL ITEMS.

Merchant Bracken is away at the Washington county fair this week.

A cold snap—Harry Hunter's ice, delivered at 1c per lb.

Bishop Corry informs us that the Bellion canyon claims are being busily worked with satisfaction.

### Men Wanted.

\$9.50 per day. Board 75 cents. Apply to Harry Leigh at Wood's Furniture store.

Prof. Anderson and Miss Eastwood are in town prepared to begin operations at the Branch Normal the beginning of the next week.

Prof. Driggs is ready for business and looks as if a few more years of such work as he has done the last year or two would make a two hundred pound man of him.

The Record extends congratulations to Mr. and Mrs. Jethro Palmer on the acquisition of a fine new healthy daughter which arrived at their new residence recently.

Mr. Kennedy, the well known mining man, is again in the district, and reports that he intends doing a large amount of development work during the winter.

Like all the rest of the people of wealth and leisure, the proprietor of The Record has gone to the fair. "The rich can ride in Chaises, but the poor must work, by Jabez."

The purchasers of the Wilkinson sawmill are up at the head of the canyon busy getting out timber. They have a contract for mining timbers which must be filled the coming week, and the mill will begin to run the first of the week.

We again call the attention of the city fathers to the filthy conditions of the city ditches; at least two of them have privately expressed an opinion of cleaning them out. We appeal to the Board of Health in confirmation of our position.

### Notice.

Is hereby given that the District Schools in Cedar will open on Monday morning September 21st at nine o'clock a. m., with John S. Woodbury as principal. Parents and students will please govern themselves accordingly. By order of the board of trustees.

WILLIAM HOUCHEN, Clerk.

Commissioner Day is reported to be still in ill. The gentleman was unable to attend the last meeting of the board of commissioners, and thus he preys an excellent opportunity of returning the good for evil in the appointment of a new deputy sheriff for Stetson. Commissioner Day is said to have contracted a severe cold, and in addition, to be suffering from blood poisoning caused by the assault of a colony of wasps into which he was unfortunate enough to run while out in the timber.

**Fearful Odds Against Him.**  
Bedridden, alone and destitute. Such in brief was the condition of an old soldier by the name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies, "I am on the road to complete recovery." Best on earth for Liver and Kidney troubles, and all forms of Stomach and Bowel complaints. Only 50c. Guaranteed by R. F. Knell, Druggist.

Captain O. M. Ladd of the Colorado Fuel & Iron Company spent a day or two in Cedar last week. Seen by a Record reporter he was asked as to the chances for the Rio Grande Western extending its tracks from Marysville to the iron fields of this county. He replied that he did not think the chances were very bright for the immediate extension of the road. However, in the light of Mr. Ladd's usual reticence no great importance is attached to the remark. There is an old saying, that actions speak louder than words, and the activity about the southwestern terminus of the R. G. W. must indicate something. It is perhaps not the policy of the railroad people to make too clear their intentions in this particular until they have acquired the title to considerable more iron property that is still vacant.

### A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life, 18 miles to get the King's New Discovery for Consumption, Coughs and Colds, W. H. Brown, of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of Consumption, Pneumonia, Brouchitis, Coughs, Colds and Grip prove its matchless merit for all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at R. F. Knell's Drug Store.

## MEAT AND GROCERIES

ought to be

SOLD AT THE SAME PLACE.

If you agree with me call at the

NEW MEAT MARKET

AND INSPECT MY MEAT AND UP-TO-DATE STOCK OF BOTH.

One Door South of the Sheep Association Block.

D. C. URIE.

## Good Teams and Rigs

Will be found on the

Lund and Cedar City Mail Route.

PASSENGER TARIFFS

One way, - \$2.50. Round trip, - \$4.00.

Dinner can be had en route.

J. A. Root, Prop.

## IRON COUNTY FAIR

TO BE HELD IN

Parowan, Utah.

September 22, 23, 24, '03.

An exceptionally good time is anticipated.

Everybody from far and near is invited.

All enquiries concerning entertainment will be cheerfully answered by the General Committee. Address, DORA HALTERMAN, Secretary, P. O. Box 31 Parowan, Ut.

### NOTICE.

All persons having rooms to rent, and all students desiring apartments, should confer with O. H. Dracken, Cedar City, Utah, who has been selected to have charge of this work.

By order of Committee.

K. T. PORTER.

Prine, Branch Normal School.

CEDAR CITY, - - - UTAH.

**STATE LAND NOTICE**  
UNITED STATES LAND OFFICE.  
Salt Lake City, Utah, August 10, 1903.

To Whom it May Concern:

Notice is hereby given that the State of Utah has filed in this office a list No. 50, of lands selected by the said State for the establishment and maintenance of an Indian Agency, under section 12 of the Act of Congress approved July 16, 1891.

Within the next sixty days following the date of this notice, under departmental instructions of November 27, 1896, 25 L. D. 459, protests or contentions against the claim of the State to any of the lands hereinbefore described, or any portion thereof, must be filed in this office for consideration.

By order of the General Land Office, at Washington, D. C. Failure to file protests or contentions within the time specified will be considered sufficient evidence of the non-mineral character of the lands, and the selection thereof, being otherwise free from objection, will be recommended for approval.

FRANK D. HOBBS, Register.  
GEO. A. SMITH, Receiver.

First Aug. 21—Last, Oct. 16, '03.

In praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy.  
"Allow me to give you a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mr. John Hamlett, of Eagle Pass, Texas. "I suffered one week with bowel trouble and took all kinds of medicine without getting any relief, when my friend Mr. C. Johnson, a merchant here, advised me to take this remedy. After taking one dose I felt greatly relieved and when I had taken the third dose was entirely cured. I thank you from the bottom of my heart for putting this great remedy in the hands of mankind."

## State Land Sale.

Office of the State Board of Land Commissioners, Salt Lake City, Utah, August 11, 1903.

NOTICE is hereby given that, in accordance with law, the State Board of Land Commissioners will, on September 30th, 1903, beginning at 10 o'clock a. m. of that day, offer at public auction at the Court House of Iron County, Utah, at Parowan, Utah, and sell to the highest bidder for the respective tracts, the following described appraised and unsold State Lands in Iron County, Utah:

SUBDIVISION	SEC.	T.P.	R.	ACRES
Lot 25, 26 & 27.	16	34 S., 9 W.	57.71
